Waste Management

We offer comprehensive waste management solutions, including collection, recycling, and disposal services, to maintain a clean and safe environment for our residents.

New Measurement Criteria derived from KLM Vision Statement

Reliable

Definition: Being dependable and consistent in delivering services to the community, ensuring that commitments are met on time and with the expected quality

People-Centered

Definition: Prioritizing the needs, participation, and well-being of the community in all decision-making and service delivery processes.

Performance-Driven Deliverer

Definition: Focused on efficiency, accountability, and continuous improvement in providing municipal services.

Sustainable Services

Definition: Providing services that are environmentally, socially, and economically viable for the long term without compromising future generations' needs.

3. Waste Management

Removal

This needed to service the truck – that's exceptable but the fact that there is no fuel to run on schedule is not good – Management Issue that the team got penalised !!

Always on Time

On Schedule

Friendly

Warn Residents that they on their way

3. Waste Management

Dumping

**Municipal workers are not trained well –
Burn waste in middle of town not
considering safety as bottles and Cans
explode !!!!**

3. Waste Management

Compliance

No Fences – No Collection Bays – No road (Rain trucks can't enter dump on national road)

National Environmental Management Act (Act 107 of 1998) 15 | Page

KLM Management did not Kept their word – None of promises been honoured
